

TUESDAY, DEC. 5, 1893.

We are requested to state that the report of Mr. Davies's Chamber of Commerce speech, published in an evening contemporary, is wholly imaginary, and does not contain a single point that was alluded to in any way by the speaker.

Captain Charles G. Nottage, LL. B., F. R. G. S., who was in Honolulu at the first of the year, has issued a book through Sampson, Low & Co., London, entitled, "In Search of a Climate." A favorable notice of the book in the St. James's Budget says, "The book is largely devoted to a description of the history and prospects of the Hawaiian Islands, the climate of which the author considers to be almost perfect." The Westminster Budget says, "The book undoubtedly is one which should find a place in the library of every club." Captain Nottage writes us that 300 copies of the work were sold before the reviewers had mentioned it. A copy he sent to the BULLETIN has somehow miscarried.

ANOTHER LIE RUN DOWN.

An instance of the unprincipled nature of the criticism of President Cleveland's Hawaiian policy in the United States is afforded by the Advertiser this morning. Our local contemporary shows in the same connection that it is as ready to borrow as to make a dishonest argument. Reference is here made to the brief telegram from London in an Auckland paper of November 4, which said that President Cleveland was preparing a message to Congress recommending the restoration of the Hawaiian monarchy. Some chuckle-headed Honolulu correspondent of the American press spoke in his despatches of the "surprise" that was felt here at receiving such important news by way of Auckland. There was not the least surprise here over getting an item of American news by way of the Colonies, as this is not an uncommon incident of our insular position. The steamer simply had left Auckland a few days after the latest previous mail from San Francisco. Thus it brought the telegram in question, which was taken by intelligent people here to be a condensation of a piece of news published in the United States a day or two previous to the London date. This proves to be the case. A Washington despatch appeared in the San Francisco Examiner of November 1, containing the identical statement telegraphed to London and then to Auckland. Yet San Francisco papers are dishonest enough to charge President Cleveland, on account of this telegram, with giving England a tip on his policy before it was divulged to the United States. And the Advertiser copies the slander as part of its "explanation" of how the first news reached here by way of Auckland. Doubtless scores of other papers than the Examiner in the United States had published the same news two days before it appeared in London and three days before the Auckland paper got it. It is probable that every paper in the States which has abused Cleveland for giving a tip to England was well aware of the fact of the prior publication of the rumor in the American press. This small trickery of basing virulent criticism of a public man—particularly the President of the United States—upon barefaced lies only makes the journals guilty of it disreputable.

A False Rumor.

EDITOR BULLETIN:—It is rumored that I have been instrumental in, or have in some way sanctioned the removal of an employee for his political opinions. If those who circulate the rumor had any idea of the utter contempt I feel for the tactics which permit men of hitherto unsullied honor to turn into the streets half whites and others, whose only crimes are their faithfulness and their politics, they would know how impossible it is that I should imitate these tactics. Faithfully yours,
THOS. H. DAVIES.
Honolulu, Dec. 5, 1893.

COURT CHRONICLE.

Separation Suit Appeal—Damages for a Horse Sold.

Judgment in accordance with the verdict has been entered for the defendant in the suit of F. Schiefer vs. The Olowalu Sugar Co. for \$10,000. A bill of exceptions has been filed against the decree of separation granted at the suit of Kaunakalo Lazarus vs. Joseph Lazarus. Judge Cooper has declined to grant the petition of Fannie B. Nichols to be appointed guardian of her daughter, Evelyn Nichols Bidwell. The ground of declining is that the father, J. E. Bidwell, by his will appointed Jonathan Shaw and Arch. L. Taylor as his executors and the guardian of his minor daughter.

The mixed jury last week rendered a verdict of \$175 for George McIntyre against Antone Sylva, as damages for a horse sold that did not agree with representations.

HAWAIIAN LODGE.

First Regular Meeting in the New Masonic Temple.

There was a large attendance of members and visiting brethren at the meeting of Hawaiian Lodge, No. 21, F. and A. M., last evening, the occasion being the election of officers for the ensuing Masonic year. It was the first meeting of the lodge in its new edifice recently dedicated. The following officers were elected for the ensuing year: Worshipful Master, Henry E. Cooper; Senior Warden, John H. Soper (re-elected); Junior Warden, Clarence L. Crabbe; Secretary, Thos. E. Wall, and Treasurer, Walter M. Giffard. The deacons, stewards and tyler are to be appointed by the newly made Master. The report of the several officers showed there had been a steady growth in membership of the lodge, and ample provision made in the way of relief to indigent brethren of the mystic tie. Brother Andrew Brown is the retiring Worshipful Master of the lodge. The newly made officers will be installed on St. John's Day, Dec. 27.

DIED FROM DRINK.

Liquor by the Bucketful on a Weak Heart.

Henry Burke, a half-caste, dropped dead about 7:30 o'clock Sunday night on King street. He was found and carried home by a companion who had been having a spree with him. Dr. Cooper was immediately summoned, but the man was beyond medical aid. A coroner's inquest was held by Deputy Marshal Brown yesterday.

Thomas Burke, a brother of the deceased, testified that on Sunday morning they came to town and bought a bottle of gin. They drank the liquor and then got a pair of swipes, which they also paid for. At 5 o'clock in the evening they bought and swallowed more swipes. Additional evidence was that other members of the family had died of heart trouble. Dr. Cooper deposed that probably Henry had died of the same cause.

The jury rendered a verdict that Burke died from the effects of alcoholism upon an organic trouble of the heart.

VERDICT OF SUICIDE.

The Jury Say the Girl Died of Arsenic Self-Administered.

The continuation of the coroner's inquest into the sudden death of Frederika Renken, on Saturday, Nov. 18, was held before Coroner Brown yesterday. Prof. Lyons' report was to the effect that the total quantity of arsenic in the stomach was perhaps not less than six grains. The arsenic produced inflammation sufficient to cause death. There was no arsenic in the quarter of a bottle of whisky found on the table in the girl's room. Arsenic was in matter vomited and taken off the soiled clothes. The jury composed of Messrs. W. Brash, Gardner, McCriston, Cathcart, Clark and R. Andrews rendered the following verdict: "That the said Frederika Renken came to her death on the afternoon of Saturday, Nov. 18, of arsenic poisoning, said poison undoubtedly being administered by herself, while in a mood of despondency."

Wedding Last Night.

Captain A. Gartenberg, of the P. G. army, and Miss Mary McGuire were married by Dr. Beckwith at Central Union Church last night. Messrs. M. Phillips and Sam. Louisson were groomsmen, and Miss Hattie McGuire was bridesmaid. Wedding music was played on the organ by Mr. Wray Taylor. The couple held a reception at their home in Makiki street. Among the presents were one from the choir of St. Andrew's Cathedral to which the bride belonged, a silver service from officers of the P. G. forces, and a goodly cheque and sundry house furnishings from M. S. Grinbaum & Co., the groom's employers for many years.

Central Union Church.

An Oakland telegram of Nov. 23d is as follows: News has been received from Honolulu of the appointment of Rev. William Rader of this city as pastor of the Central Union Church at Honolulu. Mr. Rader is now associate pastor of the First Congregational Church on a salary of \$2,400 a year. Last August he went to Honolulu for his vacation and while there supplied the pulpit to which he has just been called. But notwithstanding the fact that the pastorate is worth \$4,000 a year Mr. Rader says he likes America and his present surroundings too well, and has not yet decided to accept the call.

Repairing of the Mowers.

The work of raising the stern of the steamship Mowera has so far progressed that the collar is now in position. The adjusting of shores was begun yesterday and continued today with the result that they were all placed in position this afternoon, and are expected to be well secured by the end of to-day's work. The pumping of water out of the collar will commence about noon to-morrow. It will then be seen whether the broken stern post can be refitted in its position, or another have to be substituted.

Mr. Ira P. Wetmore, a prominent real estate agent of San Angelo, Texas, has used Chamberlain's Colic, Cholera and Diarrhoea Remedy in his family for several years as occasion required, and always with perfect success. He says: "I find it a perfect cure for our baby when troubled with colic or dysentery. I now feel that my outfit is not complete without a bottle of this Remedy at home or on a trip away from home. For sale by all dealers, Benson, Smith & Co., Agents for the Hawaiian Islands."

For rheumatism I have found nothing equal to Chamberlain's Pain Balm. It relieves the pain as soon as applied. J. W. Young, West Liberty, W. Va. The prompt relief it affords is alone worth many times the cost, 50 cents. Its continued use will effect a permanent cure. For sale by all dealers, Benson, Smith & Co., agents for the Hawaiian Islands.

Volcano Painting! FOR SALE.

An Oil Painting of the Volcano, by the late JAMES FAYE, being one of his late productions, on view and for sale by L. J. LEVEY.

Saturday, Dec. 2, 1893.

People are gradually finding out that painting houses means something besides putting on a combination of colors and brightening the appearance of dwelling. There is paint—and paint, some good and others decidedly bad, and this saying does not apply only to ready mixed paints. How often you find on houses, painted only a short time, streaks of white showing through the color. It's the quality of the paint used in mixing with the white. Six months after a house is painted with these inferior "contract" colors the house is as apt to look like a harlequin's jacket as anything else. In using mixed paints, Hendry's Ready Mixed Paints such embarrassment is avoided because in the first place the colors are selected from the best made and are mixed by men whose work is confined strictly to that work. Once Hendry's Ready Mixed Paint is used on a building the colors remain clear and glossy; as the paint goes on so it remains and weather will not make changes in its appearance as it does in other kinds of paint. Our color cards show twenty-five different shades and colors. We will be pleased to send it to any one for the asking, and you can order from it as safely as if you come to the store.

An article we don't talk about very much, but which is quite an item in our business, is rope, good manila rope manufactured by Tubbs & Co., the famous cordage makers. We keep all sizes from a fish line to a hawser the thickness of your arm—anybody's arm. As we are the agents for the manufacturer we are enabled to sell this rope at lower prices than other cordage dealers and give better satisfaction. Unlike some makes of rope the Tubbs' is well laid in oil so that contact with water, instead of making it harsh and brittle increases its pliability. Any sailor man who has used Hongkong rope knows that once it becomes wet it is useless while the same cause produces an entirely different effect on the Tubbs' rope. Our's is also adapted to the uses to which rope is put on plantations.

The late rains have made the grass grow where the ground has been bare for months. Growing grass makes a demand for Lawn Mowers, at least with us. A half-dozen have gone to our customers during the past week, and we are prepared to sell a great many more. We handle the "Pennsylvania" which the people who cut grass say, is superior to any other. Another article much used by the landscape gardener is shears for trimming the edges of grass, ordinary sheep shears is the best for the purpose, and our's have straps to them so the operator can get a good grip on the implement. We have also the conventional hedge shears that are used in evening up the sides and tops of hedges. These three tools are actual necessities to people who wish to keep their lawns looking well.

While mentioning articles for the lawn and garden it will be well to tell you that our stock of rubber hose is about as large as any in town, and the quality cannot be improved upon. During the time the irrigation notice was in the paper people had no use for garden hose, but now that the embargo is removed the demand is growing. As a fit accompaniment the hose reel should go with the hose. These reels, however, are for economical people, people who do not believe in buying new hose every few months. It's the dragging the hose over the sand walks that wears it out, a hose reel obviates that and long life is granted to it. When you get a hose and a reel buy a California Improved Sprinkler. We sell them.

The Prize Awarded!

Anheuser-Busch Brewing Co. Wins the Prize at the World's Fair with their "EAGLE" Brand Beer.

St. Louis, Oct. 28, 1893. Messrs. Macfarlane & Co., Ltd., Honolulu, H. I.

Dear Sir:—We have mailed you a copy of the Globe-Democrat announcing the great victory won by the Anheuser-Busch Association with their "EAGLE" Brand of Beer.

Signed: ANHEUSER-BUSCH BREWING ASSOCIATION.

(Special Dispatch to Globe-Democrat.)

World's Fair, Chicago, Ill., Oct. 28. —No award has ever been made so gratifying to St. Louis people and so justly merited as the one given today by the Columbian jury of the World's Fair, consisting of connoisseurs and chemists of the highest rank, to the Anheuser-Busch Brewing Association. By methods of unrivaled business enterprise, and by using the best material produced in America and Europe, excluding corn and other adulterants or surrogates, the different kinds of the Anheuser-Busch beer have become the favorites with the American people, and have now conquered the highest award in every particular, which had to be considered by the Columbian jury. The high character of the award given today by the jurors will be better understood when it is known that the different beers exhibited by the Anheuser-Busch Brewing Association had to compete with hundreds of the most excellent displays of other brewers. The fact that no other concern has received so many points for the various essential qualities of good beer confirms anew the firm's reputation as the leader of all American beers, and Mr. Adolphus Busch can feel proud over this result so justly merited.

The above is a fac-simile of the Label of the "EAGLE" Brand which took the Prize.

In ordering this Beer be sure to ask for the "EAGLE" Brand.
